ABOUT THE PROGRAMME

The Foundation Year is a preparatory course designed to help the candidates planning to study further in English towards their bachelor degree at TEU acquire proficiency in English.

The Foundation Year has been developed specifically for international students to provide them with skills and knowledge necessary to succeed at a chosen degree. The programme includes 700 hours of English as a foreign language course, courses enhancing study skills, and other academic courses. Thanks to our social and welcome programmes and events, the candidates will also experience what student life has to offer.

Having completed the online application process and paid the tuition, the candidates will receive an official Acceptance Letter from the University, confirming their student status. This document allows them to apply for a D-type visa, which makes it possible for them to stay in Poland and travel freely to other European Union Countries. After successful graduation in the programme, the students will also receive the Foundation Year Certificate enabling them to study at a chosen undergraduate programme in English.

PROGRAMME STRUCTURE

SEMESTER 1

400 hours

- English language: 350 hours (5 hours a day)
- Polish language and culture: 20 hours
- Study skills: 30 hours

SEMESTER 2

400 hours

- English language: 350 hours (5 hours a day)
- Polish language and culture: 30 hours
- Polish entrepreneurship and business environment: 20 hours

ENGLISH LANGUAGE

Before starting the course, the University will conduct a placement test; after assessing your performance, we will be able to assign you to a specific group (A0 or A1). The English language course is concluded with the mandatory B2 TELC exam (the cost of the exam is included in the price of the course), which authorises you to undertake English-language studies in Poland.

POLISH LANGUAGE

Thanks to the Polish language classes, you will learn basic grammar, vocabulary, and pronunciation that will help you communicate in everyday situations. Moreover, you will learn about Polish culture, traditions, and customs.

POLISH ENTREPRENEURSHIP AND BUSINESS ENVIRONMENT

The course will include information about business, innovations, and start-ups in Poland. It will present the best Polish practices in the network business, such as: marketing campaigns, crowdsourcing experiences, or innovative solutions in e-commerce.

STUDY SKILLS

The course develops the skills needed to study effectively at the undergraduate level, including: managing time and building your own learning strategy, critically reading and analyzing academic texts, taking notes at lectures, writing essays and reports, developing an academic writing style, preparing and delivering presentations, revising and sitting examinations.

DOCUMENTS REQUIRED FOR THE UNDERGRADUATE PROGRAMME

- Secondary School certificate (original document and sworn translation into English or Polish) with an apostille or legalised by the Polish Embassy (see the complete list of members of Hague Convention Abolishing the Requirement of Legalisation for Foreign Public Documents)
- Eligibility certificate in which it is stated that the candidate has the right to apply for admission to any institution in the country under which the educational system his/her High School Diploma was issued
- One 35×45 mm photograph (undamaged, in colour and exposed evenly on a white background, taken no earlier than 6 months before printing)
- Application Form for Undergraduate Studies
